

From Field to Table- Rice

EAG brings you the Golden Crop of Sri Lanka,
Rice.

Rice is an ancient cereal grain that nourishes two-thirds of the world's population and is an excellent source of energy-giving carbohydrates which is used for brain performance, physical activity of body functions and every day growth. After carbohydrate, protein is the second most abundant constituent and rice is considered one of the highest quality proteins and is low in fat and cholesterol free. Both white and brown variety of rice contains essential vitamins and minerals including B group vitamins, zinc and phosphorus.

With our extensive market knowledge and state-of-the-art rice mill in Sri Lanka, we bring you the best value added Golden Crop of gourmet rice to our loyal customers for Private Label.
