### Custom Roasting, Blending & Packaging

Let our master roasters blend you the best private blend coffee for your restaurant, hotel, club or retail establishment that you have ever tasted. Once we have discussed your coffee needs and blends, we will provide you with samples and once you have approved the final blend, we will be happy to be your exclusive coffee roaster. The proprietary blend we create is yours, as long as you remain an exclusive coffee customer of Top Roasters.

### Your Own Private Label

We offer full-service private label capabilities. The same great coffee that we have masterfully prepared is yours for your own label. Top Roasters does everything from a simple product package, to a full private label program with custom coffee blends, packaging, bulk programs and display. The private label coffee segment continues to enjoy aggressive growth with tremendous opportunity.

Use Top Roasters line of Coffee's to create your own custom blends and private label.

### Special Events

At Top Roasters, we take great pride in working with our customers to meet their needs when it comes to special events. Whether you're creating special gifts for your clients around holidays or handing out unique party favors or working on a fund raising project, at your next event, we can assist you in finding the right approach to give your coffee that special touch.

### Service is what we're about

Whether you're looking to purchase green coffee beans, a full-service private label program or just looking to serve up one of our brews, we're here to help, every step of the way.

Discover unlimited opportunities and enhance your business with Top Roasters Coffee.

We are here to help you grow your business.
