

# Natural Blue Agave

## Syrup Flavors

AMARETTO, BLUEBERRY, COCONUT, CHOCOLATE, HONEY, STRAWBERRY, RED FRUIT, VANILLA, VANILLA MAPLE AND HONEY VANILLA.

Agave Nectar is an all-natural sugar replacement made purely from the juice of the Blue Agave plant. It's a simple plant based food that is a healthy alternative to processed sugar and artificial sweeteners. Agave Nectar has many fine qualities that makes it ideal for all types of sweetening needs. It offers a consistent delicious flavor and lengthy shelf life (won't crystallize). Importantly, agave nectar has a low glycemic index that is beneficial for many.

We offer the light, dark and awesome flavors for food service and retail. To create each flavored Agave Nectar, we use the natural flavor, natural color and citric acid. All of our Agave flavors make great additions to desserts, entrees, sauces, meats, and many other dishes. Best of all, it simply tastes great and enhances the flavors of any food it sweetens and it is so easy to use as it dissolves quickly, even in cold food or drinks.

This product is produced and processed under hygienic conditions and it not produced with genetically modified ingredients.

We recommend all of the Organic Agave Flavors.
